

## Come on In

Gary Stewart

Come on in  
Nobody here but me and the blues  
I been waiting all night long for a woman like you  
Kick your high heel shoes off at the door  
Shuffle your dress and head to the floor  
Come on in  
Nobody here but me and the blues

Now you don't have to ring my front door baby  
'Cause tonight I've been drinkin' Jim Beam  
And raising hell  
There's a full moon up above  
Tonight I'm falling in love

Come on in  
Nobody here but me and the blues

Come on in  
Nobody here but me and the blues...

Come on in and make yourself at home  
I've got one lit up  
And some honky tonk music on  
Well pull down the windowshade  
Make a little love that ain't ever been made  
Come on in  
Nobody here but me and the blues

Come on in  
Nobody here but me and the blues...
