

Murdered by Love

Gary Stewart

Your heart cocked the hammer babe
Your eyes fired the shot
You left me here upon the bleeding ground
What chance have I got

Well you killed me baby
Just as sure as you use a gun
Somebody call the police
I've been murdered by love

Oh you killed me baby...

You played out your hand
You carried out your plan
You put me six feet under baby

You found another man

Oh you killed me baby...

Well they took me on down to the courthouse
And I made a statement
The judge said the woman's guilty
Just look at her evil smile

Then she turned to the jury
And started to testify
Oh Lord have mercy on me
There's a tear in the judges eye

Oh you killed me baby...
