

## Okeechobee Purple

Gary Stewart

I am a pirate, you are my prisoner  
I am the captain of the good ship fantasy  
We're leaving this island  
I'm taking you with me  
There's better places I know for us to be

So let's sail on out of Manhattan  
Past the Statue Of Liberty  
And sail on down to old Key West  
Watch the sun fall into the sea  
They're holding hands in a circle out there  
Watching the skies turn Okeechobee purple I swear

I am a pirate, I'm also a dreamer  
With my ship in a bottle on a bookshelf next to me

So let's sail on out of Manhattan  
Past the Statue Of Liberty  
And sail on down to old Key West  
Watch the sun fall into the sea  
They're holding hands in a circle out there  
Watching the skies turn Okeechobee purple I swear
