

## Ol' Hank's Lovesick Blues

Gary Stewart

I think ol' Hank's Lovesick Blues left us all this way  
Cause I'll get stoned and I won't go home  
Sometimes for days and days  
I get wilder than a Cherokee brave  
And on a Saturday I'll spend a full week's pay  
I think ol' Hank's Lovesick Blues  
Left us all this way

I love to hear a Hank Williams song  
When I'm walking through the swinging doors  
And a chill comes over me when I see  
The Tennessee whiskey pour  
And when I get that alcohol crave  
Lord I love to sit back and hear a jukebox play

I think ol' Hank's Lovesick Blues  
Left us all this way

I think ol' Hank's Lovesick Blues left us all this way...

I don't want to fall in love tonight  
I just want to fool around  
Cause I've got a good looking' long-legged woman  
Waiting in every town  
I'm easily led astray  
I guess the whiskey and the women  
Gonna lead me to my grave  
I think ol' Hank's Lovesick Blues  
Left us all this way

I think ol' Hank's Lovesick Blues left us all this way...
