

Got the Feelin'

Gary Wright

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

My life's heading in a good direction
I can't tell you just why
I'm not looking for explanations
I'm doin' just what feels right
You've got me higher than a kite
I don't know where I'm goin'
Long as I got you here by my side
I'm gonna hold on so you

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

The sun is shinin' around me
And the moon is full in the sky
The stars are helpin' me
Ooh I feel it, its so right, so right
Whats happenin' to you
You're finally noticin' me
Somethin's been goin' down that I cant explain
I'm gonna hold on to ya

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love

I've got the feelin' I've been missin'
I've got the feelin' I've been wantin'
I've got the feelin' I know it must be love
