

Love Is a Rose

Gary Wright

I played in Dallas
You said you couldn't make it
I played in Detroit
But you never came
The times you're with me
Really make a difference
What's it gonna take me to get you to stay
I really wantcha here

Your love is a rose
And you've shown me how it can grow
Much sweeter than I've ever known
Yes you have
Your love is a rose
But the thorns that it grows in my heart from lovin' you
Hurts me so
Come on, come on
Come on back to me

The lonely hours when the show is over
And the crazy parties fade into a dream
When I try to call you
No I never get an answer
And the situation is insane reality
Come on back baby

Your love is a rose
And you've shown me how it can grow
Much sweeter than I've ever known
Yes you have
Your love is a rose
But the thorns that it grows in my heart from lovin' you
Hurts me so

Come on
Come on back to me
Come on back to me
Come on
Come on back to me

Your love is a rose
But the thorns that it grows in my heart from lovin' you
Hurts me so
Come on, come on, come on
Come on now baby
Your love is a rose
But the thorns that it grows in my heart from lovin' you
Hurts me so
Come on
Come on back to me
Your love is a rose
But the thorns that it grows in my heart from lovin' you
Hurts me so
Come on, come on
Come on back to me
