

# Satisfied

Gary Wright

Satisfied walkin' in the sunshine  
By your side right here where I wanna be  
Long denied desires of a life time  
Satisfied the day you came to me

Spent my life chasin' rainbows and buildin' walls out of stone  
Flyin' blind on the highway of dreams  
Then I saw your face and I knew I was home

Satisfied walkin' in the sunshine  
By your side right here where I wanna be  
Long denied desires of a life time  
Satisfied the day you came to me

Big plans no direction takin' me nowhere fast  
Paradise always one step away  
When I looked in your eyes I found it at last

Satisfied walkin' in the sunshine  
By your side right here where I wanna be  
Long denied desires of a life time  
Satisfied the day you came to me

Almost gave up on findin' love and my hopes all vanished in the  
air  
A Voice inside kept tellin' me hold on  
the you dried my tears and you answered my prayers

Satisfied, I'm satisfied walkin' in the sunshine  
By your side, and I'm right here where I wanna be  
Long denied desires of a life time  
Satisfied for the day you came to me
