

## Whether It's Right Or Wrong

Gary Wright

Whether it's right or wrong for me to love ya  
I ask myself each day 'cause I know I care  
Never has there been another above ya  
Forever I know I will be thinking of ya  
Together we got everything that this world has to share

Whether it's right or wrong for me to love ya  
I don't know or I don't care  
'Cause I don't know if I could ever change my feelings  
Whether it's right or wrong for me to love ya  
I don't know or I don't care  
I only know no one asked, just saying a feeling

Whether it's right or wrong for me to love ya  
Who could judge and await and still be fair?  
People say together we just don't belong  
Even if we're right, they would say we were wrong  
I say you and me are alone a pair

Whether it's right or wrong for me to love ya  
I don't know or I don't care  
'Cause right or wrong I could never change my feelings  
Whether it's right or wrong for me to love ya  
I don't know or I don't care  
I only know no one asked, just saying a feeling

Who cares what the people might say?  
Who cares what the people might do  
They can talk about us all day  
But I only know the way I feel about you

Whether it's right or wrong for me to love ya  
I don't know or I don't care  
'Cause right or wrong, I could never change my feelings  
Whether it's right or wrong for me to love ya  
I can't judge and be fair  
I only know no one asked, just saying a feeling
