

# Don't Kill Me

GASHI

Hey young lady  
Tell me where'd you get your makeup from  
I want some  
Is it tasty?  
Will I feel pretty on the inside if I have some?

You don't have a choice  
Trying to fill the void  
So you step up in the sand of the island  
Don't be paranoid  
This is what you want

No, don't leave me  
No, you need Me  
Just go easy  
Don't kill me, don't kill me

No, don't leave me  
No, you need Me  
Just go easy  
Don't kill me, don't kill me

Hello, we're calling about your prescription that your pharmacist has filled  
, it is ready for pickup at Ventura Blvd, Laurel Canyon Drive

You were not saved for a white wedding  
At Night  
You Cry  
You traded love for possessions  
You want a sugar daddy  
Till he wants some sugar

No, don't leave me  
No, you need me  
Just go easy  
Don't kill me, don't kill me

No, don't leave me  
No, you need me  
Just go easy  
Don't kill me, don't kill me

Enjoy your life

Enjoy your life  
Don't grow up too fast  
Don't start chasing cash  
It's a dead end
