

# Don't OD

GASHI

Something about those eyes  
They make me love lies  
Hate it when you cry  
Baby for you I'd die

But I cannot feel  
Something far from what's real  
Know that you're not so real  
This ain't deal or no deal

'Cause you know  
That I just  
Ain't someone you need  
If you just put the blame on me

I can't  
Be someone you need  
If you just put the blame on me

I Just  
Be someone you need  
If you just put the blame on me

I can  
Be someone you need  
If you just put the blame on me

I waited too long, too long I was sober  
Oh yeah  
Smoking my weed  
My weed don't do nothing for me

Coke and codeine, codeine  
Praying I don't OD

Smoking my weed  
My weed don't do nothing for me

Coke and codeine, codeine  
Praying I don't OD

Smoking my weed  
My weed don't do nothing for me

Coke and codeine, codeine  
Praying I don't OD

Smoking my weed  
My weed don't do nothing for me

Coke and codeine, codeine  
Praying I don't OD

Smoking my weed  
My weed don't do nothing for me

Coke and codeine, codeine

Praying I don't OD

Praying that I see you tomorrow
