

Don't Pass On Love

GASHI

You know my girl never do no wrong
So beau-tiful, never take too long
Ain't waiting for no side piece
Girl you my dime piece
I'mma wait eternity
To prove my love

Don't start passing on love
And if they asking you my love
Hot like the sun wet like the rain
Go lil mama, wet like the rain
Go la bamba, wet like the rain
Wet like the rain
Hot like the sun, wet like the rain
Go lil mama wet like the rain
Go la bamba, wet like the rain
Wet like the rain
Yeah yeah yeah

I can't lie I'm not the same
When you out my life
And she want all my babies
Pussy got nine lives
And you know that she grind
Independent, making her own money
Don't ask for mine
She leave your pockets full
But your heart broke

Don't start passing on love
And if they asking you my love
Hot like the sun wet like the rain
Go lil mama, wet like the rain
Go la bamba, wet like the rain
Wet like the rain
Hot like the sun, wet like the rain
Go lil mama wet like the rain
Go la bamba, wet like the rain
Wet like the rain
Yeah yeah yeah
