

# Feels Right

GASHI

No fear of me drowning, I dive in the sea  
Sharks in the water mean nothing to me  
Over and over and over again, I swim on, oh  
For your love, I would drown  
Won't hesitate to survive  
What's killing me, deep inside?  
You won't dare, save my life

Oh no, I know  
I'm left all alone  
And now, the door closed  
You're waiting, I'm gone

I know what I said when I said, "Won't look back", I'm upset  
I'm upset, I'm upset, I'm not fine, I'm upset  
When I said what I said, "Won't look back", I'm upset  
I'm upset, I'm upset, I'm not fine, I'm upset  
When I said what I said, "Won't look back", I'm upset  
I'm upset, I'm upset, I'm not fine, I'm upset  
When I said what I said, "Won't look back", I'm upset  
I'm upset, I'm upset, I'm not fine, I'm upset  
When I said

When I said

Fall in love, I know you won't  
'Cause you're addicted to the high you get from drugs  
Take your time, you never do  
But that's okay, 'cause you're in love and I am too

Oh no, I know  
I'm left, all alone  
And now, the door closed  
You're waiting, I'm gone

I know what I said when I said, "Won't look back", I'm upset  
I'm upset, I'm upset, I'm not fine, I'm upset  
When I said what I said, "Won't look back", I'm upset  
I'm upset, I'm upset, I'm not fine, I'm upset  
When I said
