

Bitch I been the one  
Speak my mind never bite my tongue  
Speak for the blind and I've been the chronic to your mother fucking lungs  
Never let shit slide shit slide  
To my enemies I play the rug  
Get burned quick tryna pull that stunt  
Never love and I never trust  
My shit drop better duck  
I'm so faded I'm so blunt  
Bitch get naked time to fuck  
Slide in to it like a puck  
Do it to my time is up  
Had a dream with out no buck  
Jerk me now eat a nut  
Cause they see I'm heatin up  
Blow my phone like its full of dust  
Time to leave peace I chuck  
Getting up they start to suck  
Listen up gettin buzz  
Money bout to triple up  
Pour it up in my cup  
Turn ya wifey to a slut  
Tore it up in my truck  
Flip my bird don't give a fuck

I'm riding on my enemies  
Stacking all my dreams up in my favorite jeans  
If you ain't tryna ride  
Then you gotta leave  
Middle finger out my window  
Screaming fuck fuck fuck my enemies  
Fuck my enemies, fuck em

Bitch I'm in control  
Ain't rich but got my soul  
Seen the realest people fold  
So my secrets never told  
I'm afraid of getting old  
All alone when you broke  
That's why I count money fuck hoes  
Got four numbers up in my phone  
Mom dad sis bro  
Ready ready set set go  
Everybody wanna talk like they know but  
What the fuck fuck do they know  
Taking a vicodin  
They fake like trifling  
Friends I'm recycling  
Money vitamin  
All I see is green like I'm trapped inside a heineken  
When you see me you know I'm always in the latest  
Ask your girl she gon tell you that I am her favorite  
You a fake bitch  
See a hundred faces  
Brooklyn be the place kid  
Come and get ya face lift
