

# My Year

GASHI

Ayy

Bad bitch rollin' up, you know she ain't rolling all by herself  
She just wanna fuck  
Pull up in the crib with your girls on my bed like...  
Out in Vegas high  
All up in the Wynn, fuckin' bitches by the window like...  
She ain't gettin' tired  
Ridin' on my dick all night  
I'm hot now, I could never flop now  
Finally gettin' guap now, made it off the block now  
Do it for my hometown, made it with my own sound  
Every single city, you mention me, yeah, they know now

I'm rich as fuck, copped a Bentley truck  
Used to ride on that bus, now I'm up  
Yeah, my whole squad up, we ain't never gon' give up  
Rich as fuck, I could never hear  
Diamonds in my ear, say this clear  
I could never fear  
This gon' be my year

This my year, this gon' be my year  
This gon' be my year  
This my year, this 'gon be my year (Yeah!)  
This gon' be my year (My Year, my year)  
This gon' be my year (Gashi, I got you)  
This gon' be my year  
This my year, this gon' be my year (Gerry, yeah)  
This gon' be my year (My year, my year)

Kendall Jenner, your pockets just got lipo'd (Got lipo'd)  
Flood my teeth, I'm sippin' whiskey, my ice cold (My ice cold)  
New roolly polly, that's thirty-five for that white gold (That white gold)  
Chainsawed the beat, just got American Psycho'd  
Hot now, that mean you should stop now  
Pull up in that drop now, I click it, put the top down  
Decepticon the 'rari just to show out on the block now  
Had to tint the windows, she can't stop givin' me top now

I'm rich as fuck, copped a Lambo truck  
Nobu pullin' up, plate that up  
Dipped up outta there, we're headed back to fuck  
Rich as fuck, let's just get this clear  
This gon' be my year, every year  
Back-to-back-to-back for like my whole career

This my year, this gon' be my year  
This gon' be my year  
This my year, this 'gon be my year  
This gon' be my year (My year, my year)  
This gon' be my year  
This gon' be my year  
This my year, this gon' be my year  
This gon' be my year (My year, my year)

Tryna always stay low-key, all these bitches so nosy

Used to sit up in nosebleeds, now we watchin' from floor seats  
I keep on ballin', swear to God they can't stop me  
If I like it I cop it, stand out like Yao when I rock it  
My roolly shine, fifty thou', copped the whip and a house  
All these hoes in my ride, might just get a DUI  
Never told, never lie, got my whole squad by my side  
Grippin' on my tech by my waist in case they try me let it fly

I'm rich as fuck, copped a Bentley truck  
Used to ride on that bus, now I'm up  
Yeah, my whole squad up, we ain't never gon' give up  
Rich as fuck, I could never hear  
Diamonds in my ear, say this clear  
I could never fear, this gon' be my year

This my year, this gon' be my year  
This gon' be my year  
This my year, this 'gon be my year  
This gon' be my year (My year, my year)  
This gon' be my year  
This gon' be my year  
This my year, this gon' be my year  
This gon' be my year (My year, my--yeah!)

2019 to infinity, you feel me?  
Gashi, I got you, on everything  
Yeah, you know  
Young Gerry, it's gettin' scary  
Let's go
