

Other Side

GASHI

Life sure can be your rite
I thought I'd have it forever, but I don't know
And when the lights go out at the show
I try to hold on, but I can't anymore, no

I feel like I'm breaking down
I'm so ashamed you see it now
Holding on 'cause I'm too proud
I can't even feel nothing now, no more
Oh no, please, don't you cry
Promise you, yeah, we'll be fine
I'll meet you in the other side
Oh no, please, don't you cry
Promise that we'll be fine
I know, I hope

Please don't ask me about religion
'Cause I can't even answer no more, no
I'm so ashamed to talk to god now
'Cause I've been not very best at all
I hope you'll forgive me
The day we meet and you see all of my wrongs

I feel like I'm breaking down
I'm so ashamed you see it now
Holding on 'cause I'm too proud
I can't even feel nothing now, no more
Oh no, please, don't you cry
Promise you, yeah, we'll be fine
I'll meet you in the other side
Oh no, please, don't you cry
Promise you, yeah, we'll be fine
I'll meet you in the other side

And I'm not afraid anymore, yeah
I just hope your lights open doors, yeah
And even if they don't, those decisions were made
And no matter where I will go, yeah
I'm never ever taking my ring, oh baby
I just hope that you know

Oh no, please, don't you cry
Promise you, yeah, we'll be fine
I'll meet you in the other side
Oh no, please, don't you cry
Promise that we'll be fine
I know, I hope
I'll meet you in the other side
Just meet me in the other side
