

## Dead Star

Gatecreeper

Crestfallen angel  
Bathed in a faded glow  
A tragic whisper in the void  
Transient, just like a distant dream  
A fleeting fire but burning bright

Look up at the sky  
Glimmering diamonds against the night  
Arcane cosmic embers burning  
Fading away  
Dead star  
Dead star

Fluorescent beauty  
Cascading luminant  
Seraphic smile in the abyss  
Radiant, I watch you disappear  
Gone in a blaze of trailing light

Look up at the sky  
Glimmering diamonds against the night  
Arcane cosmic embers burning  
Fading away  
Dead star
