

## Emptiness

Gatecreeper

A hole the size of you  
Carved out of my beating heart  
Loss of purpose  
Feeling everything  
Nowhere to hide  
Anxious  
Never fulfilled  
No satisfaction in anything  
Darkness devours me  
Slowly descending into obscurity  
Pain, only pain  
Lonely suffering  
No words to say  
Void of joy  
Seeking comfort in restless sleep  
Leaving consciousness behind  
Slipping from reality inside in my mind  
No reason to open my eyes  
Letting go completely  
Staring in the mirror  
Naked and raw  
The cracks in the ceiling look to me exactly how I feel
