

From The Ashes

Gatecreeper

Wandering through chaos
Scarred from nightmares
Broken down, haunting aglow

Liberated
Accelerating forward
Shedding weight that brings us down
Rising slowly from the ashes
See the light
Walk through the flames

Overcoming fear, kneeled before me
Inner strength I've never let show

Liberated
Accelerating forward
Shedding weight that brings us down
Rising slowly from the ashes
See the light
Walk through the flames

Bent but never broke
We stand undefeated
Seal your fate
Walk through the flames
Seal your fate
Walk through the flames

Sweet release
Stronger than ever
Celebration of victory
