

## Social Decay

Gatecreeper

Counterfeit emotion  
Simulated friendships  
Imitating life for validation  
Narcissistic fear  
Conceited pride  
Disguised as false humility

Repetitious  
Dull and lifeless  
Looking for something to amuse  
Bored and lonely  
Discontented  
It won't be too long til it consumes you

Craving attention from your peers  
Bound to distraction from your mundane life

Vain  
So self-important  
Overindulgent
