

Superstitious Vision

Gatecreeper

Lose yourself in the moment
Self-destruction
Let loose without reservations
Feel your heart start beating
Break free

Drink deep from the cup of life

Throw the dice
Spin the wheel
Black my lungs
Turn me on

Darkness fades in the neon sanctuary
Controlled chaos
Neverending
Search for simple pleasure
Run wild

Drink deep from the cup of life

Throw the dice
Spin the wheel
Black my lungs
Tempt me with desire

Luck
It's supernatural
Let it go
It's only natural

Pleasure and pain
It's heads or tails
Numbing your mind
Risk, take a chance
Touch my soul
Make me feel alive

Luck
It's supernatural
Let it go
It's only natural
