

## Sacrificial Deed

### Gates To Hell

Your death  
Comes creeping  
As I look to evade mine  
You look in my eyes  
As I make the final cut

All you feel is pain  
As your vision fades  
A sacrifice  
To extend my life  
Removing your organs  
They are now mine

Removing your organs  
They are now mine

A surrendered life  
Held in my hands

My chance at eternity  
Will not be lost to you

Sacrificial deed  
In the ground he bleeds
