

## All Your Plans

Gateway Worship

My end from the beginning  
You see it all so clear  
You know my every moment  
So why should I fear?

I may not understand it  
But You will lead me through  
You won't forsake Your promise  
So I will trust You

All Your plans are perfect  
All Your plans are perfect  
All Your plans are perfect  
Perfect for me

So while I wait I worship  
Lord, I still believe  
That You will always finish  
What You've begun in me

All Your plans are perfect  
All Your plans are perfect  
All Your plans are perfect  
Perfect for me, yeah  
All Your plans are perfect  
All Your plans are perfect  
All Your plans are perfect  
Perfect for me, yeah  
Your plans are perfect  
All of Your plans, yeah  
You're working all things  
You're working all things

You're working all things for my good, yeah  
I may not see it, but I believe it  
You're working all things for my good, Lord  
You're working all things  
You're working all things  
You're working all things for my good  
I may not see it, but I believe it  
You're working all things for my good, yeah
