

# I Am Found, I Am Free

## Gateway Worship

Here looking out on the horizon  
I can't believe that You would stop and think of me  
Caught in the wonder, nothing like this  
Seeing Your beauty, oh I just can't take it in

In the light of Your mercy  
In the clouds of Your glory  
In Your presence, I am worthy  
I am found, I am free  
All of heaven surrounding  
I hear Your voice overwhelming  
In Your presence, I am worthy  
I am found, I am free  
Never the same, now that You've got me  
This is a love I don't deserve but still You gave  
No holding back, I'm singing holy  
All of my life, all of my love  
I can't contain

In the light of Your mercy

In the clouds of Your glory  
In Your presence, I am worthy  
I am found, I am free  
All of heaven surrounding  
I hear Your voice overwhelming  
In Your presence, I am worthy  
I am found, I am free

I lift my hands to glory  
I lift my hands to glory  
I lift my hands to glory  
I lift my hands to glory  
I lift my hands to glory  
I lift my hands to glory  
I lift my hands to glory  
I lift my hands to glory  
In the light of Your mercy  
In the clouds of Your glory  
In Your presence, I am worthy  
I am found, I am free  
All of heaven surrounding  
I hear Your voice overwhelming  
In Your presence, I am worthy  
I am found, I am free
