

In the Shadow

Gateway Worship

You're the hope that holds me close
With a hand that won't let go
In my trouble, You have shown
You are the One my help comes from

In my sin, I lost my way
Overtaken by the shame
But in my brokenness, You've shown
You are the One my help comes from

In the shadow of Your wings
In the shadow, I will sing
In the shadow of Your wings
I am not afraid

When I'm standing in the fight
In Your peace, I will abide
Through every battle, You have shown
You are the One my help comes from

In the shadow of Your wings
In the shadow, I will sing
In the shadow of Your wings
I am not afraid
In the shadow of Your wings
In the shadow, I will sing
In the shadow of Your wings
I am not afraid
into Your presence
Oh, here in Your presence

I'm safe in Your presence, Lord

I'm safe in Your arms
No weapon formed against me will stand
You hold the victory
I'm safe in Your arms
No weapon formed against me will stand
You hold the victory
I'm safe in Your arms
No weapon formed against me will stand
(Thank You, Jesus)
You hold the victory
I'm safe in Your arms
No weapon formed against me will stand
(Cause I know)
You hold the victory
I'm safe in Your arms
No weapon formed against me will stand
'Cause You hold the victory
I'm a child of God
No weapon formed against me will stand
'Cause You hold the victory, oh
You hold the victory, King Jesus
You hold the victory
You are my victory, oh-oh-oh, oh
In the shadow of Your wings

In the shadow, I will sing
In the shadow of Your wings
I am not afraid
