

One Single Drop

Gateway Worship

One single drop of blood is more than enough
To cleanse my soul with Your love
A little bit of grace can somehow erase
A lifetime of failing You

So I'll sing for You in all that I do
Everything I have is for You
And I'm calling to You to guide me through
Lord, I give my life to You

One single touch of love from the Father above
Exceeds my every need
A merciful embrace is all that it takes
To heal what is hurting me

Lord, I give my life
Lord, I give my life
Lord, I give my life to You
