

Won My Heart

Gateway Worship

I am Yours, You are mine
I need nothing else
As the stars in the sky
By Your hands, I'm always held

You restore my soul
I will fear no evil

You have won my heart, whoa
You have won my heart, whoa, whoa
You have not left my side
Even in my wandering
As the sun will rise
Always new is Your mercy

You restore my soul
I will fear no evil

You have won my heart, whoa

You have won my heart, whoa
And all I am is Yours, whoa
You have won my heart, whoa, whoa
Whoa, whoa

Hallelujah, hallelujah
You are great and greatly to be praised
Hallelujah, hallelujah
You are great and greatly to be praised
Hallelujah, hallelujah
You are great and greatly to be praised

You have won my heart, whoa
You have won my heart, whoa
And all I am is Yours, whoa
You have won my heart, whoa, whoa
Whoa
