

Down Town Down

Gavin Adcock

Damn drunk about to go out
Looking for something new
Just fine feeling alright
Till I saw that picture of you
With your new man on that cellphone
At the same bar we'd go to

Imma burn the Down Town Down
I hope the flames rise above your face
And there won't be no help around
Cause I done set fire to your place
And Imma sit on these tracks
While the screams and sirens raise
Imma burn the Down Town Down
I hope you love him as much as you say

That man holding your hand
Buying drinks just to test his luck
No way he's taking you home
Cause I done threw a match in his truck
Hell I know I'm off the deep end
You can take me right to jail

Imma burn the Down Town Down
I hope the flames rise above your face
And there won't be no help around
Cause I done set fire to your place
And Imma sit on these tracks
While the screams and sirens raise
Imma burn the down town down town down
I hope you love him as much as you say

Gas can 48 bucks
Right along with this old flame
Time will go and then I'll know
That I'm the one to blame
Girl I hope you know this is my fault
See I always go up in smoke

Imma burn the Down Town Down
I hope the flames rise above your face
And there won't be no help around
Cause I done set fire to your place
And Imma sit on these tracks
While the screams and sirens raise
Imma burn the Down Town Down
I hope you love him as much as you say
