

Hours And Hours

Gavin Adcock

It's 5:00 o'clock in the morning
I never stay up this late
I took some pills by the bedside
I guess it was a mistake

I watch the clock tick for hours and hours

There sure ain't no one around here
I sit and talk to myself
Threw out a handle this morning
They say it's bad for my health

I watch the clock tick for hours and hours
