

Sunset

Gavin Adcock

Guess I went and did what I said I wouldn't do
Now I'm starin' down the barrel of the cold hard truth
I went and broke both of our damn hearts
Now she's wrapped up in a pair of new arms

I don't know whose ass I wanna kick more
Mine or that old boy's in the getaway Ford
Just turned up a bottle full of regret
She's out off ridin' to the sunset

Slipped in like a bandit in the dark of night
He caught a wind, I just couldn't act right
Nobody to blame but my damn self
Him sneaking around sure didn't help

I don't know whose ass I wanna kick more
Mine or that old boy's in the getaway Ford
Just turned up a bottle full of regret
She's out off ridin' to the sunset

Guess I could've made her the hang around kind
But I played her heart till she lost her mind
Now I'm standin' drunk in the driveway
Watchin' red ants fade down the highway

I don't know whose ass I wanna kick more
Mine or that old boy's in the getaway Ford
Just turned up a bottle full of regret
She's out off ridin' to the sunset

I don't know whose ass I wanna kick more
Mine or that old boy's in the getaway Ford
Just turned up a bottle full of regret
She's out off ridin' to the sunset
Ridin' to the sunset

Yeah, she's ridin' to the sunset
That bitch is ridin' to the sunset
