

Turn Down The Lights

Gavin Adcock

Let's just be honest
Girl, you know I'm good at tellin' lies
And if I could hold you
Well, I'd get lost in them green eyes
No need to fight, no need to cuss
We've got time and the two of us
Lay on this bed and forget about all of those times we got it wrong

Just keep on holdin' me, baby
And I'll make it all right
Whisper sweet nothings in my ear
You're turnin' me on
So turn down the lights

I've got some cheap wine
And you've got a million dollar smile
And if you would let me
Well, I'd like to stick around a while
Holdin' your hand, take you to town
Dance like a fool and spin you around
And if we get home and it's daylight
Well, don't worry girl, we'll throw them shades

Just keep on holdin' me, baby
And I'll make it all right
Whisper sweet nothings in my ear
You're turnin' me on
So turn down the lights

Feathers just flyin'
Clothes layin' all around the room
The house may be a mess
But all I can think about is you

Just keep on holdin' me, baby
And I'll make it all right
Whisper sweet nothings in my ear
You're turnin' me on
So turn down the lights
Turn down the lights
