

Chasing When

Gavin DeGraw

Why do we continue
To follow this pilot
Into the burning sun?
Waving a banner
Set by a standard
Sold to the obvious ones

So set up the pins and knock 'em all down
When are we ever gonna learn?

I can't depend on
Waiting for the trend
I'm always on the outside
While you're chasing when
From the clothing to the culture probing
Movement of the moment
Always chasing when
Always chasing when

I read on the newsflash
The fashion of my class isn't the same as before
The new hyperactive, endorphin distracted
Way to not talk anymore

For every solution there's a problem
And for every problem, a war

I can't depend on
Waiting for the trend
I'm always on the outside
While you're chasing when
From the clothing to the culture probing
Movement of the moment
Always chasing when
Always chasing

I can't think about it
Like you think about it
Give me a sign
I can't think about it
I'd go out of my mind

I can't depend on
Waiting for the trend
I'm always on the outside
While you're chasing when
From the clothing to the culture probing
Movement of the moment
Always chasing when
I can't depend on

Waiting for the trend
I'm always on the outside
While you're chasing when
From the clothing to the culture probing
Movement of the moment
Always chasing when
Always chasing when
