

Face The River

Gavin DeGraw

I am tired of the waiting
I can hear the record playing
But no music, just the needle
Heaven knows just how I feel

Cry, try, and try
Try, try, try
Try to face the river I cannot cross
That's only you and I

All the praying, all the bleeding
On my bended knee, heart beating
We'll get pass this, we'll pull through it
Wild horses couldn't do

Try, try, and try
Try, try, yeah, and try
Try to face the river I cannot cross
That's only you and I

And all the times I gave love
I never got the same love
Lookin' for signs, throw a line
You were, oh, you were mine

Try, try, and try
Try, try, Lord, I, I try
Try to face the river I cannot cross
That's only you and I, yeah
Try to face the river I cannot cross
That's only you and I
