

# Greatest Of All Time

Gavin DeGraw

Letting my love light, my love light shine right through the battles  
Just like an arrow, straight to your heart  
Even the wounded one like mine  
Facing the gallows  
That stood in the shadows  
Is coming out of the dark

Even thought I'd almost  
Almost given up

But I did, I did it  
I really stuck with it  
Someone found love  
I'm so excited  
And this world, this life  
So happy, could cry  
This angel of mine  
Greatest of all time  
She's the greatest  
The greatest

Yeah, I landed on the real thing, is this real life?  
Used to be jaded, but that feeling faded  
When I gave it a try  
Put away my problems and all of my pride  
Put on my halo, with my best foot forward  
And I put in the time

I went through the darkness  
Just to see the light

But I did, I did it  
I really stuck with it  
Someone found love  
I'm so excited  
And this world, this life  
So happy, could cry  
This angel of mine  
Greatest of all time  
She's the greatest  
The greatest

Used to think love was blind  
Until I saw you (Saw you)  
Leanin' on the hands of time, sayin'  
That there's no tomorrow  
Now you're all I'm wanting  
Now you're all I'm wanting

But I did, I did it

I really stuck with it  
Someone found love  
I'm so excited  
In this world, this life  
So happy, could cry  
This angel of mine  
Greatest of all time  
She's the greatest  
The greatest  
Greatest of all time

Yeah, yeah, yeah, yeah, yeah  
She's the greatest  
The greatest
