Hard To Do

Gavin James

Oh, I've been thinking that I don't wanna leave
That this house isn't home to me
I'm tired of losing everyone I see
Now that you're here, it's a hard thing to do
Trying to hold on

Oh, but I need you
Far more than I ever want you
It's such an unnatural thing we do
When falling in love's just so hard to do
Hard to do
But I need you
Far more than I ever want you
It's such an unnatural thing we do
When falling in love's just so hard to do
Hard to do

Maybe I don't believe that I don't wanna run
But two hearts are better than one
You say you'll stick around but I'll be gone
Oh, I'll be gone
It's a hard thing to do, trying to hold on

But I need you
Far more than I ever want you
It's such an unnatural thing we do
When falling in love's just so hard to do
Hard to do
But I need you
Far more than I ever want you
It's such an unnatural thing we do
When falling in love's just so hard to do
Hard to do

And while you've been pushing, I'm pulling away
I wish I can say all the words I don't say
But I should stop 'cause we're miles away, we're miles away

But I need you
Far more than I ever want you
It's such an unnatural thing we do
When falling in love's just so hard to do
Hard to do
