

I've Got You

Gavin James

La-la-la, la-la-la, la-la-la-la-la-la-la
La-la-la, la-la-la-li-li

Could spend your whole life waiting
Patiently anticipating for a love that will always stay
It only took two minutes for my life to have you in it
Now our love will never go away

'Cause everything you do
Makes me happy
That I found you
So when the day is through
Yeah, you've got me and I've got you

Sing la-la-li, la-la-li, la-la-la-li-la-la-la-la
La-la-li, la-la-la-li-li

When our hair turns grey and we're counting up our days
That won't change the way I look at you
We'll tell our great granddaughters not to rush to get older
Hope they grow up and be just like you

'Cause everything you do
Makes me happy
That I found you
So when the day is through
Yeah, you've got me and I've got you

You and me, we're unstoppable, don't you know?
You know, you know
So we won't count all the miracles
'Cause we both know where to go
Oh, you'll never ever be alone

'Cause everything you do
Makes me happy
That I found you
So when the day is through
Yeah, you've got me and I've got you

Sing la-la-li, la-la-li, la-la-la-li-la-la-la-la
La-la-li, la-la-la-li-li
Sing la-la-li, la-la-li, la-la-la-li-la-la-la-la
La-la-li, la-la-la-li-li
