

Lovesick

Gavin James

Funny how the love died
Funny how the light faded away
Funny how these dark nights
Make you just a dream away
I know I shouldn't say it
But I really wish you knew
That I'm better off a universe away from you

I'm a little bit lonely
A little bit lovesick without you
I'm a little bit broken
And I don't know what to do
I'm a little bit lost trying to find somebody new
I'm a little bit lonely
And I don't need you

I hope someday you find someone
That brings out the stars just for you
I'm happy that you know now
That I'm not the one to
Tell you handmade stories as you lay in bed at night
And all the smaller things that makes you mine

But I'm a little bit lonely
A little bit lovesick without you
I'm a little bit broken
And I don't know what to do
I'm a little bit lost trying to find somebody new
I'm a little bit lonely
And I don't need you

But I'm a little bit lonely
A little bit lovesick without you
A little bit broken
And I don't know what to do
I'm a little bit lost trying to find somebody new
I'm a little bit lonely
And I don't need you

I'm a little bit lonely
And I don't need you
