Say Hello

Gavin James

Oh take my memories
Leave no more insecurities
Leave me as I am
Then do it all over again
I want you to see now

Cause lately all I think about
Is different ways to figure this one out
Cause we were never meant to last
That much is true

But don't you know that I would stay with you
That I don't want to hurt you
Just so you know, owow owow owow owow
Please don't go, oh oh
When I say goodbye just to say hello

See I don't care about the others
You had a choice of something new
If you hadn't lied about your lovers
We'd have a chance of something true

'Cause I know this is hard for you
Like it's hard for me
Is this what people do
When it's harder to breathe

And you know I could stay with you
But I don't want to hurt you
Just so you know, owow owow owow owow
Please don't go, oh oh
When I say goodbye just to say hello

'Cause I know this is hard for you
Like it's hard for me
And is this what people do
When it's harder to breathe

Oh but it's not easy
To fall out of love
Insincerity now
You're all that I'm thinking of
When I say goodbye just to say hello
Oh just so you know
But just so you know, owow owow owow owow
That I say goodbye just to say hello
