

The Middle

Gavin James

Hold me close
And don't ever let me go
In your heart I found a home
Somewhere I've never been before
No one knows
Just where they wanna go
Live your life in growing old
Simple songs and same old stories

But we could start a fire
We could start a fire

I feel you in my bones, oh oh oh
From my head down to my toes, oh oh oh
And I know it's a long way down
While we're caught in between
Won't you stay in the middle with me?

I will keep you warm
When the years make you feel cold
I will follow where you go
I'll be there when you're lonely
I know it's strange
Living life in different ways
I swear, I'd give you all my days if I could

I feel you in my bones, oh oh oh
From my head down to my toes, oh oh oh
And I know it's a long way down
While we're caught in between
Won't you stay in the middle with me?

Can we rush in?
I know there's no way the lights go out
When you're so far under my skin
I'll breathe you in
Because the thought of ever losing you
Would surely turn my life to blue

I feel you in my bones, oh oh oh
From my head down to my toes, oh oh oh
And I know it's a long way down
While we're caught in between
Won't you stay in the middle with me?
