

# Hello

GAWNE

Hide and seek  
Running in circles  
I try to see  
You look right through  
Wait for me  
Can't face the truth  
I don't wanna believe  
I'm just invisible

Am I dead?

Hell motherfuckin' no  
Depression had me like a vise grip  
My momma said I couldn't leave quite yet  
Too much left for me to do in life  
Yes, yes I gotta fuck shit up  
Like I was ISIS  
Oh lord, please no more  
Luke Gawne he son of a bitch, he's so annoying  
What we gotta do this save this motherfucking boy?  
Kid is crazy, trynna battle VI Seconds and got destroyed  
Big ball boy, till the day that I drop  
I swing on anybody, even if it means I get popped  
Yeah, Crypt just called and he told me to stop  
So, I called Crypt back and I told him "I'm not"  
All jokes aside, I love my bros  
Cuz they was by my side, through all my lows  
When I was out my mind, but in my zone  
(So am I dead?) Hell motherfuckin' no

Hide and seek  
Running in circles  
I try to see  
You look right through  
Wait for me  
Can't face the truth  
I don't wanna believe  
I'm just invisible

You probably thought he was going ghost  
I was gone, I went off of the map back to the road  
But like Jordan 95, and came back I'm now retired  
Now I'm here to drop that 3p on you like Micheal  
I'm a certified gunner typa dude to get mad  
Fuck around and load the mac, gonna murder 500  
Might run up in your crib, throw my dick on your mother  
I'm a mean, Muggin sick, fuck pill-popping and I still got an addiction  
I'm the dude that girls never wanted  
Back in middle school kids called me retarded  
And in highschool, I started to rap till everybody laughed  
Told me I should quit cuz I'm wack  
Imagine that I used to walk home  
Rather than taking the bus  
Me and my homie Charles, scared of kids beating us up  
But fuck 'em, for everything they told me I'm not  
Middle fingers in the air, I'm on my way to the top

Hide and seek  
Running in circles  
I try to see  
You look right through  
Wait for me  
Can't face the truth  
I don't wanna believe  
I'm just insatiable
