GAWVI

Ayy, this right here hard, GAWVI

I see you tapped in to everythin' that we doin'
We pop out
So many revenge on many men
But I see what you 'bout now
I bring it to God, He may get involved
But how could you doubt now?
Why are we speakin' if you ain't believin'
And parting the clouds out, yeah

Yeah, I know this gon' hit
I know this gon' hit, hit, hit
I know this gon' hit, yeah
I'm raisin' the frequency
I'm raisin' the frequency
I'm raisin' the frequency
I'm raisin' the frequency
I'm raisin' the-

Woah, my demons they froze (My demons they froze)
Comin' back when they fold (Comin' back when they fold)
Took a timeout, had a low
Now we back on the road
Uh, oh, now that boy steppin' up to the front door
And they got it on, oh, no
They ain't catchin' up
We on top of them
Trapped in with my dogs, we've been locked in, I can't fall
Back then I ain't know no better
I was tryna get it on my own
You won't even catch me lackin'
Even when I'm shoppin' at the mall
Even when they was attackin'
We just hoped that they ain't do it all
My visions, they all in
The enemy callin'
He creepin' and crawlin'
I came back from the garden
Heard they talkin' about me
I ain't gon' fall in
I can go up, mm, mm, it can go down, yeah

I believe in the energy
The Spirit is flowin' like water
Don't look at me, look up at God
I'm givin' my praise to no other
Thank God for my sister believin'
Thank God for the time I was grievin'
Thank God for the people ain't leavin'
Thank God for this air I breathe

Yeah, I know this gon' hit
I know this gon' hit, hit, hit
I know this gon' hit, yeah
I'm raisin' the frequency
I'm raisin' the frequency

I'm raisin' the frequency
I'm raisin' the frequency
I'm raisin' the-
