

Redemption

GAWVI

I been drowning for so long, doubting for so long
Tryna right my wrongs
Yeah I need, I need, I need (redemption)
I need, all I need (redemption)

Redemption, yeah all I need, redemption (redemption)
All, all, all, all I need (redemption)
All I need (all I need), re, redemption (redemption)
Yeah all I need (redemption) yeah all I need, all I need

Yeah
I'm prayed up and I still feel this weight on me (oh-whoa)
You saved us but I still feel my enemies (yeah)
I got fear inside tryna tell me lies (oh no)
I'm learning to let go, healing, it take time (oh, yeah)
My mama told me go ahead and pick your feet up (pick your feet up)
I'm back like prodigal, I'm tasting all the freedom (all the freedom)
I'm feeling the Spirit, I know that He did it
And building up my foundation
I thought I was done, but look at the sun
We take it to every nation
Yeah, yvery knee will bow (yeah, yeah), I had to confess
I ran up some fousls, God still used my mess
Sleeping with depression, all the battles in my head (yeah)
Somehow we beat suicide when they wanted me dead (oh yeah)

I been drowning for so long, doubting for so long
Tryna right my wrongs
Yeah I need, I need, I need (redemption)
I need, all I need (redemption)
I been drowning for so long, doubting for so long
Tryna right my wrongs
Yeah I need, I need, I need (redemption)
I need, all I need (redemption)

Redemption, yeah all I need, redemption (redemption)
All, all, all, all I need (redemption)
All I need (all I need), re, redemption, redemption
Yeah all I need (redemption) yeah all I need, all I need

Yeah, hey, yeah (redemption)
I know it's You I can call on
All I need is Your energy
It doesn't matter if things don't add up
I only need some faith when my eyes can't see (yeah)
Time will keep on fading on us
I've realized we're waiting on love
Align my heart with what's real
You're the only one that heals (yeah)

I been drowning for so long, doubting for so long
Tryna right my wrongs
Yeah I need, I need, I need (redemption)
I need, all I need (redemption)
I been drowning for so long, doubting for so long
Tryna right my wrongs
Yeah I need, I need, I need (redemption)

I need, all I need (redemption)

Redemption, yeah all I need, redemption (redemption)

All, all, all, all I need (redemption)
