

SIN

GAWVI

You can take all, all you been through
I'm not, oh, oh, oh
You make my heart dance around
We

I might have sinned, but the devil wants me to think that
We won't win, but we gon' win (You make my heart)
I might have sinned, but the devil wants me to think that
We won't win, but we gon' win (You make my heart)

So here we go, here we go, here we go
You can never stop me, nah, nah
You can never stop me, nah, nah
I got plenty help ever since day one (You make my heart)
Here we go, here we go, here we go
You can never stop me, nah, nah
You can never stop me, nah, nah
I got plenty help ever since day one

Celebrate the moments that we live in
Pull up with the squad and now we gang, gang
No lie, I promise I'll always be lit that's on God (You make my heart)
Free, know we got the victory
And plus I've been set free no lie, no lie
I promise I'll always be lit that's on God (You make my heart)

We got this far, I done came this far everything paid off
Never took a day off
Thankful for the playoffs, everything paid off (You make my heart)
We done came this far
I done came this far everything paid off
Food to the labor, tastes so amazing, everything paid off (You make my)
