

# Something Bout U

GAWVI

There's a love, there's a luck  
That's creeping up on us  
Falling fast, speeding up  
Close my eyes and breathe for once  
And I'm sorry I was so unsure, unsure  
I think maybe I just needed time  
Cause the truth is I've been yours

And my heart goes thun, thun-thun, thun-thun-thun, thun, thun, thun  
Thun, thun-thun-thun, ooh, oh-oh-oh  
Thun, thun-thun, like a big explosion  
Thun, thun-thun-thun, ooh, oh-oh-oh  
Thun, thun-thun, thun-thun-thun, thun, thun, thun  
Thun, thun-thun-thun, ooh, oh-oh-oh  
Thun, thun-thun, like a big explosion  
Oh, oh-oh  
Oh, oh, oh  
You're blushing, I love it  
Oh, oh, oh  
Just trust it, it's crazy how it happened to us

Something 'bout your, something 'bout your love  
Oh, love  
Nothing matters, nothing else but us  
Oh, us  
And now that I'm awakened it's a rush  
A rush  
Oh, now there's no more chasing  
Cause your love is enough

Make a cheers, make a toast  
To never letting go  
Take my hand, took my soul  
I'm right where I belong

And my heart goes thun, thun-thun, thun-thun-thun, thun, thun, thun  
Thun, thun-thun-thun, ooh, oh-oh-oh  
Thun, thun-thun, like a big explosion  
Thun, thun-thun-thun, ooh, oh-oh-oh  
Thun, thun-thun, thun-thun-thun, thun, thun, thun  
Thun, thun-thun-thun, ooh, oh-oh-oh  
Thun, thun-thun, like a big explosion  
Oh, oh-oh  
Oh, oh, oh  
You're blushing, I love it  
Oh, oh, oh  
Just trust it, it's crazy how it happened to us

Something 'bout your, something 'bout your love  
Oh, love  
Nothing matters, nothing else but us  
Oh, us  
And now that I'm awakened it's a rush  
A rush  
Oh no, there's no more chasing  
Cause your love is enough

All this time I just been waiting  
Now that I got you I won't let go  
'Cause I know it's [?]

Something 'bout your, something 'bout your love  
Oh, love  
Nothing matters, nothing else but us  
Oh, us

I'm awakened cause your love is enough
