

## With You

GAWVI

Oh oh  
Yeah, yeah, yeah

Runnin' on the sideline, right now  
This feel like a lifetime, I doubt  
Losing all my patience, somehow  
Feelin' the vibrations of you now  
Tell me, are you sad, are you sad?  
When no one is left to wipe your tears off  
I know you feel alone  
But I'm right there with you (you)  
You (you), with you (you), yeah  
I'm always there with you (you) (you)  
With you (you), yeah  
I'm always there with you

Hey, fairytales tied down, ooh  
I can't even tell north and south, yeah  
Try to find a lighthouse, ooh  
Losin' sight of why I started  
I hear you outside, outside  
Sorry I couldn't say goodbye  
I can't seem to justify  
Why you had to die  
I got funerals  
Hard to find a soul  
Someone else who knows  
Livin' on this road  
Pull up for the quick fix  
I know we won't fix it  
Got me feelin' low  
Pull it for the top like

Runnin' on the sideline, right now  
This feel like a lifetime, I doubt  
Losing all my patience, somehow  
Feelin' the vibrations of you now  
Tell me, are you sad, are you sad?  
When no one is left to wipe your tears off  
I know you feel alone  
But I'm right there with you (you)  
You (you), with you (you), yeah  
I'm always there with you (you) (you)  
With you (you), yeah  
I'm always there with you

Hey, I'm afraid of love, ooh  
Happy homes flipped to divorce  
Yeah, lonely holidays child, ooh  
All I see is tears when it rains down  
I can't even lie to satisfy  
Drivin' around the city, satellite  
Married 'til I die, 'til I die  
Baby, hit the road side by side  
Got me coastin'  
Steady focus  
Guns N' Roses

For you posers  
Oh my mama said  
I won't fall off  
Yeah, God, you catch me when I fall down

Runnin' on the sideline, right now  
This feel like a lifetime, I doubt  
Losing all my patience, somehow  
Feelin' the vibrations of you now  
Tell me, are you sad, are you sad?  
When no one is left to wipe your tears off  
I know you feel alone  
But I'm right there with you (you)  
You (you), with you (you), yeah  
I'm always there with you (you) (you)  
With you (you), yeah  
I'm always there with you
