

## Worst Year

GAWVI

Ya I know it felt like everybody worst year, yeah  
2020 lookin' fuzzy ain't nothin' clear, ya  
Mmmm got my dogs out here ain't money no where  
But you ain't going to catch me slipping  
No you ain't  
I'm riding steady  
Wanted all the things that I prayed for  
But I knew God wanted way more  
I know you feeling down but don't stay low  
But when you look back see how far you've come, yeah yeah

If I knew what I know now  
I was barely hanging on  
If I knew what I know now  
I would see I'm not alone

I see new bodies on the street like time and time again  
What would I do if my bro had just another day  
I put my head high ain't tryna suffocate  
They wanna see me die not till this world change  
They was rolling with them sticks I had to say mmm  
Build a city up through bricks I got to tell 'em yeah yeah  
Before I lose my mind this camp ain't concentration  
I gotta stay out the pen  
I got an army  
Gotta pray for love Travis I'm sorry  
Had to look both ways but God beside me, so get behind me  
The world on fire y'all rappin bout Bugatti's and bad bodies  
I'm on south beach where my crew stay  
Posted with my foolies  
Ridin' low in dat hooptay  
Tryna ball like a hoop day  
Young boys screaming mayday  
Can't take no more rainy days  
I went through hell to find you

Yeah, if I knew what I know now  
I was barely hanging on  
If I knew what I know now, yeah  
I would see I'm not alone

Pray for me dog  
Pray for me dog  
Pray for me dog  
Pray for me dog

Chasing all my dreams  
Young without a thing  
Sleeping on my wodies floor dreams with no money  
Raging with my woes  
Can't deal with my folks yeah  
They say I'm next up but I'm livin' like my time is now  
These boys be goofy they be soft like Charmin ultra  
My mama told me life is hard but break them boulders  
I'm from a place where they tote sticks to show they grown up  
I can not give I can not quit I can not fold up  
I looked high and low

I was mighty low  
Walking on this earth is like Geronimo  
Felt beside me though  
Beside me Lord  
No days off like Marshawn  
Can't lynch me jit I'm too strong  
Time and time again  
I was reaching for change  
Pressure made me diamonds you shopping at Kay's  
I put the family first at the end of the day  
Yeah, I went through hell to find you

Ya I know it felt like everybody worst year, yeah  
2020 lookin' fuzzy ain't nothin' clear, ya  
Mmmmm got my dogs out here ain't money no where  
But you ain't going to catch me slipping  
No you ain't  
I'm riding steady  
Wanted all the things that I prayed for  
But I knew God wanted way more  
I know you feeling down but don't stay low  
But when you look back see how far you've come, yeah yeah

If I knew what I know now  
I was barely hanging on  
If I knew what I know now  
I would see I'm not alone

If I knew what I know now  
If I knew what I know now  
Yeah I would see I'm not alone
