

## The Oaks

Gaz Coombes

Came upon the oaks  
Told them about the episode  
I didn't want to find  
All the things I was looking for

Came upon the oaks  
Told them about the episode  
Another hero's gone  
Another one to tear you up

Another plan to occupy  
With no rewards and no reply  
When you're down and out of heart  
And you can feel the answers hiding  
Another one to shake you up  
Another one so hard to find  
But when it all gets real  
All I want is you

They talked about being strong  
Then waited on to rip you off  
Another ruse gone  
Another one to shake you up

Another plan to occupy  
With no rewards and no reply  
When you're down and out of heart  
And you can feel the answers hiding  
Another one to shake you up  
Another one so hard to find  
'Cause when it all hits you  
When you've climbed that hill  
When it all gets real  
All I want is you
