

Pain

Gazebo

Look at how this people live in total ecstasy
Animals with simple feelings, innocentry
Look at how this television
Seems to give them all this happiness
Satellites and Univision
Lighten up their day

And I feel

Pain
Growing slowly in my heart
Pain
Bleeding endless from the dark

Baby lives with satisfaction bound to slavery
Baby wants the last distraction, some machinery
I can always say I'm happy
Living, healing in my loneliness
Maube I'm just out of fashion
But I can't forget

All the

Pain
Growing slowly in my heart
Pain
Bleeding endless from the dark
