Gazebo

Only alone  
I walk in the night  
I know what is right  
Or fortune  
Me and myself  
Are lonely my friend  
We live on this old sad moon  
Mystery and meditation make our atmosphere  
Our extraction taught us fiction  
But I am still here ...

Solitaire walk in the night

I want to live  
From east to the west  
Found nowhere to hide  
From nowhere  
I've got no time

I've got no best friend  
I wander through this "enfer"  
I can party all night long with people I don't know  
My hands are shakin' no mistakin'  
Yes, I'm still for sure
