

Waterland

Gazebo

Do you remember that day?
The polaroid of that siren in the bay
The things we said about Scandinavia

On Strandveyen we walked
From Helsingor to the Aquarium again
The way we took our love to claustrophobia

All and all we lived alone in Waterland
Memories are blending into Waterland
The feeling's okay
Our mental health is safe
Safe and unsure

Are you still able to laugh?
Didn't you achieve all the goals in your head
The wounds that I just can't forget

All and all we lived alone in Waterland
Memories are blending into Waterland
The feeling's okay
Our mental health is safe
Safe and unsure
