Don't ask me again, what I've been doing
You know too well, you know too well
The thing that might surprise you even now is how
I've desensitized, I've specialized

What I did was make for me a special place
Of disassociated perfect peace
I find it suits my moods and needs so very well
What I became, what I became

There is no match, there's nothing you can say
To change my mind, to change my mind

What I did was make for me a special place
You've lost me now, you've lost me now
The disassociated peace you knew so well
Is in this shell, in this shell

What I did was make for me a special place
Of disassociated perfect peace
I find it suits my moods and needs so very well
What I became, what I became
